## BIBLE THOUGHT FOR TODAY

LOVE MASTERS FEAR:—There is no fear in love; but perfect love casteth out fear.—1 John 4:18.

## LET THE RAILROADS MAKE GOOD.

During the controversy with their employees the railroad officials maintained that high wages caused high freight rates and gave the public to understand that a reduction in wages would result in a reduction in freight rates. It was on this actual or implied promise that the roads won much favorable public sentiment and now the public will insist that some relief be granted in the way of freight rates.

Farm products cannot be sold because the high rates make it impossible, hence left with only the local market the farmers are very much up against it. Thousands of tons of hay went to waste this year because the freight rates prevented its being shipped and the same condition prevails with everything else. Usually the roads refuse to do anything except after a long fight, and then wonder why the public has it in for them. They now have an opportunity to win favor by voluntarily reducing rates to a point where the public can afford to make use of the roads. Unless they do this the next controversy with the men may have a different ending; and with public opinion backing the employees the roads may find themselves facing the most serious situation that ever came their way. As we see it the roads are entitled to make a reasonable profit on their investment with their affairs economically managed, but the public must also have some consideration, for the public is the goose that lays the golden eggs.

One of the saddest sights is a dying town, such as one sometimes finds in the older states. Instead of optimism and the bustle that characterizes a growing place hope has fled, the most enterprising citizens have moved away and those remaining are just drifting along. Clinging to the hope that some day the tide will turn and either too fearful of attempting to make a start elsewhere or else bound by sentiment to the old town which has been their lifetime abiding place. It is really pathetic to witness the affection these old timers have for their village and hear them tell of the departed days of prosperity when their town held out a promise of growth and prosperity for its inhabitants. Day after day the process of decay goes on, the buildings lose their freshness and become dilapidated eye sores. The world moves on paying little heed to the tragedy but in the end decay wins and only the memory of a town remains.

W. H. Murray announces that he will not be a candidate for governor next year. It would be well for the Democratic party as well as for the state as a whole if Bill Murray was the next governor. He would do some house cleaning, if we judge him correctly, and this thing of some smooth lawyer having enough pull to get this clients out of the penitentiary at will would be at an end. The pardon game has been overplayed during the past few years and as a result every town has men on its streets who should be serving time and would be if justice were meted out with an even hand. Something is wrong and a man of nerve is needed in the state house to put an end to it.

The News is satisfied that the oil fields of this county are to be given a thorough test. Not only the men already in the field, but others throughout the Southwest are watching every development. Some of the shrewdest men in the game are already here, but others are keeping up. Every day oil men and big companies subscribe for the News to learn just what is going on. Practically all of the big companies are getting the paper and have learned that the reports can be absolutely depended upon. When the wells at Bebee are put on the pump and oil begins to fill the tanks or go into the pipe lines, we may expect rapid development.

If any one has any doubt about courtesy and politeness paying good dividends he might consider that this is the most effective weapon a confidence man uses to pry his victim loose from his ready cash. It really brings better results than pulling an automatic as was evidenced not long ago when it was brought to light that a gang of crooks had cleaned up several million dollars from a gullible public. Courtesy is one of the most important lessons a boy or girl can learn.

It is all very well to urge the farmers to diversify, but when there is no certainty of a market for anything but cotton it is not very encouraging. It diversification is to be the watchword what about a market?

The Reconstruction-Non-Partisan-G. Wilson League was indorsed last week in a mass meeting at Vamoosa. The "green corn rebellion" broke out in 1917 just three miles from Vamoosa.—Holdenville Democrat.

## The Three Gun Plan.

(Holdenville Democrat)  
President Harding's plan to end war is altogether different from the plan once advanced by Woodrow Wilson. The plan of the latter was to league the nations into an international police, able and pledged to lick the everlasting stuffing out of any nation that disturbed the peace of the world. President Harding's plan is to limit the guns each outlaw is to carry and to curtail his supply of ammunition.

Visualize, if you can, twenty gun men running wild on the South Canadian, each armed with four six shooters and a Winchester, with twenty rounds of ammunition for each weapon. Wilson's idea of abating such a nuisance was to have all the surrounding tribes join in a kind of vigilance committee and disarm the outlaws, hand them by the neck to a black jack if they failed to keep peace. But President Harding has a simpler plan. He would bring peace to the community by permitting each man to carry only three six shooters instead of four and in place of twenty rounds of ammunition he would give each man only fifteen rounds. His plan is simplicity itself, for everyone knows that a bad actor with only three six shooters, a Winchester, and fifteen rounds of ammunition is an entirely different proposition from the same gun man with four six shooters, a Winchester, and twenty rounds of ammunition.

Not only is the Harding plan much simpler, but it is entirely free from those objectionable features that killed the Wilson plan. The new panacea will not permit the negroes to rule the world, as Senator Reed alleged, or the Catholics to rule the world, as Senator Sherman alleged, or the protestants to rule the world, as Judge Cohan alleged. It is a better plan in that the president's son-in-law is not a member of the cabinet. It is a better plan because Mr. Harding never went to Paris. It is a better plan because Mr. Harding never married a widow during a world war or staid in a hotel with a glass roof in a foreign capital.

The American people had just as well adopt Mr. Harding's three gun plan and have done with outlaws. If they don't accept it, he will refer the whole matter to the mayors of the country.

## Stop Immigration.

(Ft. Worth Record)

Upwards of 1,500,000 aliens due to be admitted into the United States before next June may be kept out of the country, kept for the most part at their present homes, to help rehabilitate their own lands. If congress, at its present session, will enact a stringent law restricting immigration. Every alien entering the country now aggravates the unemployment situation, which is bad enough now without receiving new recruits to swell the ranks of the unemployed.

With the aliens often come entire families to the land of their golden dreams, most of them thinking they soon will be rich and then return to the lands from which they came. Probably it is natural they should long to return, with their pockets full of money, to the scenes they know and love, but it bodes ill for the United States that the foreigners continue to come with the dominant thought of acquiring what they need of this world's goods to aid them in going back to their homes. For this reason, and because there are enough unemployed in this country now, immigration should be stopped right now.

In this connection, federal agencies dealing with immigration have been compelled to take steps to combat what appears to be an organized effort on the part of steamship companies and a class of lawyers in this country to break down the immigration law. There is abundant evidence to show that steamship companies, in spite of their knowledge that the legal quota of immigration from countries bringing thousands of immigrants to American ports and by collusion with agents and attorneys in this country are endeavoring to have the immigration laws suspended in order that the excess quota may remain here.

With propaganda of sob stories and tales of families being separated, an effort has been made to spread the belief that immigration officials are cruel in their manner of treating immigrants. The purpose is to permit the law to be disregarded. It is charged that lawyers handling immigrant cases are charging aliens or their American friends exorbitant fees, and the immigration bureau is now taking steps to disbar such lawyers from handling cases before it.

As it seems impossible to stop the organized efforts of steamship companies and others to bring the immigration laws into disrepute, and as the present unemployment situation makes it desirable to stop immigration or put severe restrictions upon it, congress is considering early action, and the quicker congress acts the better it will be for this country.

## SMALL GREEN BUG IS HARMFUL TO WHEAT

WATONGA, Oct. 29.—A small insect related to the green bug and the oat aphid, and very similar in size, color and shape, has been found in wheat fields in Blaine county, several being discovered in a field near Eagle City, according to J. M. Rapp, county agent. This bug, according to Professor Sanborn, head of the entomology department of the Oklahoma A. and M. College at Stillwater, never has become a serious menace in any locality. It has been found frequently in the fields of southern Kansas, but had not before been seen in Oklahoma, he said.

## Heroism of 27 Who Risked Their Lives to Save Others Gets High Honor From Carnegie's Fortune

(By the Associated Press)

PITTSBURGH. — Twenty-seven persons, eight of whom lost their lives while attempting to save the lives of others, were formally recognized by the Carnegie Hero Fund Commission at its fall meeting here. Four heroes received silver medals, and the others medals of bronze. Money awards were made as follows: Five pensions aggregating \$4,620 a year; one pension of \$26 a month, and a cash reward of \$250; seven educational awards aggregating \$7,400; other worthy purposes in 12 cases, \$10,500.

The silver medals went to Eldege Gagne, of Augusta Maine, a 9 year old boy who was drowned while trying to save a companion, August 2, 1918; Thomas Walker, a farmer, of R. F. D. No. 5, Alpharetta, Ga., who saved another farmer from suffocation in a gas filled well, August 13, 1918; Earnest Weir, of 837 East Main street, Lockhaven, Pa., who sacrificed his life while trying to save two girls from drowning at Flemington, Pa., June 12, 1920; and Leon I. Swartwood of Sinnamahoning, Pa., who saved a number of dynamite packers from an impending explosion at Wayside, Pa., September 18, 1910.

## Lose Lives in Acts.

Among the others who lost their lives in acts of heroism were Marion E. Reek, a 13 year old girl, of 591 Lexington street, Waltham, Mass., who was drowned while trying to save another child, July 30, 1919; Clarence B. Shaw, of 1134 Prospect avenue, Carthage, Mo., who died while attempting to save a companion from electric shock at Carthage, September 6, 1920; John Waters Evans, of 200 Phillips avenue, Carriek, Pa., who was drowned attempting to save a child at Coshocton Ohio, July 4, 1920; Harold H. Gervie, of 1529 East Wayne street, Fort Wayne, Ind., who was drowned at Rome City, Ind., while trying to save another man July 17, 1921; Robert W. Edgerly, of 307 Railroad street, Stubsenville, Ohio, who was suffocated while saving a man from a benzol tank room at Follansbee, W. Va., July 11, 1921; and William McKee, of Bonshaw, Prince Edward island, Canada, who was drowned while trying to save a companion at Westville, P. E. I., August 16, 1920.

Bronze medals were awarded, among others to three women: Laura J. Darrow, of Salona, Pa., a 16 year old factory girl for trying to save another girl from drowning at Flemington, Pa., June 12, 1920; Mrs. Eva Clark Doubleday, of Woodstock, Vermont, for trying to save a baby from drowning at Woodstock, December 6, 1919; and Miss Miriam Harue, of Falmouth, Mass., who saved another girl from drowning at Tidoute, Pa., August 7, 1919.

## LINCOLN COUNTY MAN MAKES PROFIT IN HOGS

(By the Associated Press)

CHANDLER, Okla.—A net profit of \$93.60 on feeding one sow, four gilts, and fourteen pigs, counting gains as porker prices, though the hogs are to be used for breeding purposes, was figured by S. P. Harmon of Lincoln county, a demonstrator for J. W. Guin, county agent. The period selected was 90 days.

A self feeder was used, with 150 pounds of tankage fed through a separate compartment, the poundage on different foods being barley, 335 pounds; corn 1,590 pounds; shorts, 1,150; and millrun 225. No green pasture or hay was furnished. The entire cost of the feeds was placed at \$49.95. The weight of the animals at the beginning of the experiment was: 1 sow, 300 pounds; 4 gilts, 800 pounds; 8 pigs 400 pounds; 6 pigs 90 pounds, totaling 1,620 pounds.

The total weight at the end of 90 days was 2,790 pounds, a gain of 1,170 pounds. The costs of the grain per pounds was 4 1-4 cents, with a net profit at porker prices of \$93.60.

## FUTURE U. S. GENERALS MUST STUDY PAPERS

(By the Associated Press)

WEST POINT, Oct. 29.—Future generals in the United States Army are studying newspapers as part of their course at the military academy.

The cadets are required to read two New York dailies, as part of their class work on current events, and pass examinations on deductions from important stories and editorials. Officers at the post say it is one of the most interesting, if not one of the most valuable innovations in many years.

The papers are read immediately after breakfast. The instructors then quiz the cadets orally on the news of the day. They are asked to summarize the important happen-

ings, foreign and domestic, and explain their significance. Col. L. H. Holt, head of the department of history, economics and government, suggested the plan which recently was approved by Brigadier-General Douglas MacArthur, the superintendent.

## FRENCH TEAM BEATEN BY NEW SCORING PLAN

PARIS, Oct. 28.—The French team's defeat in the last dual track meet of England and France was due to a new point scoring system proposed by the French Athletic Federation. The English players accepted the system after a debate and defeated France 123 to 118. The method used was seven points for first; five for second; four for third; three for fourth; two for fifth and one for sixth. The English suggested five points for first, three for second and one for third. Had the French accepted this idea they would have won 50 to 49.

## SLOAN'S EASES PAIN RELIEVES THE ACHE

TORMENTING, agonizing rheumatic aches are quickly relieved by Sloan's Liniment. Apply it freely and enjoy a comforting sense of warmth. It penetrates without rubbing. Good also for sciatica, lumbago, neuralgia, over-exerted muscles, stiff joints, external aches and pains, back-aches, strains and sprains.

Don't let pain lay you up. Keep Sloan's Liniment handy and at the first sign of an ache or pain, use it, for it certainly does produce results. At all druggists—35c, 70c, \$1.40.

**Sloan's Liniment** Pain's enemy

Workmen today completed brick work on the Grant Irwin garage building on North Broadway. They expect to complete the job of building a front to the building early next week.

## Stewart Has Fifteen Days to Make Appeal Bond After Sentence

Fifteen days to make an appeal bond of \$10,000 were allowed this morning to Ed Stewart, alleged member of a conspiracy to steal automobiles, who was convicted in the district court this week and sentenced today by District Judge J. W. Bolen to serve 10 years in the state penitentiary.

Stewart had not made bond at noon but is expected to within the next few days.

With this sentence, district court took a recess until 2 o'clock this afternoon when others convicted during the present session of the district court will be sentenced. Questions and motions preliminary to Stewart's sentence took up considerable time this morning but the session this afternoon probably will be the last on the present criminal docket which has run for three weeks. John Goodwin, convicted of automobile theft, Frank McClintock, convicted of manslaughter, and others were to be up for sentence in the closing session.

**CANE SEED POISONS**  
**CHICKENS OF FARMER**  
CHEYENNE, Okla., Oct. 29.—Something was poisoning the fowls on J. Ward's farm in Riger Mills county, and poisoning them whole sale, so he came hot-foot to the county agent's office to find out what it was, bringing specimens of the victims.

"My turkeys, ducks, guineas and chickens, all are dying," he told J. R. Waddy.

An investigation proved that cane seed which he had been feeding them had moulded, and was doing all the damage.

## Oil Items

Notes By The Way  
from

## The Ada Field

The following story in the Oil and Gas Journal of Tulsa about the oil situation in this part of the state was written by W. F. Kerr, an oil writer of considerable reputation. The article shows that the big companies are interested in what is going on here and are keeping up with the development. As soon as the wells are put on the pump and begin delivering oil in the tanks, it is expected that the big companies will turn a loose money and dozens of wells will start for the pay sand.

"Geologists have found, in Pontotoc County, an entirely new subject for speculation. The Nance Syndicate's well, in the northwest quarter of Section 4-4-5, has revealed the presence of a white lime which, at that spot, is 110 feet thick. It closely resembled a white limestone found in Ohio oil fields, and whether it is of the Viola or the Hunton series is a matter for geological discussion. Geologists who have examined it are almost a unit in saying it is the Hunton.

"The lime was entered at 2,305 feet, and in the hard upper crust showed signs of oil. These signs recurred with lower levels, increasing with depth, and soft layers alternated with hard until the last hard stratum was penetrated. "A shot of 200 quarts was administered against 90 feet of the inside of the lime bulk that did not blast the hard upper and lower crusts. Two days were required to drill out the bridge that was formed. When the drill was taken out it was followed by a flow of oil and during the night oil rose to a height of several hundred feet. Next day, when swabbing was undertaken, the well flowed. The flow continued for 40 minutes, apparently without gas pressure, and placed 90 bbls. in a tank and 40 bbls. in a pipe line. The oil is light and green and is believed to be of 40 degrees specific gravity.

"This well is about a quarter of a mile east of the Carter-Nance-Lasalle well that first found oil in that area at 1,753 feet. That latter has never been given a thorough test. Thirteen feet of sand is said to have been penetrated and the product is reported to be of 37 degrees specific gravity. Mr. Carter, of the Syndicate that drilled the well, and the Lowery Oil Co. have completed an offset to the same depth and found the same formation. It has been shut down. Whether these concerns will do further drilling is not known. They are hopeful that some discovery soon will warrant the laying of a pipe line into the field.

"The Transcontinental Oil Co. is drilling in blue shale at about 2,850 feet, in the northwest quarter of Section 14-5-4. It found 100 feet of lime immediately below 2,700 feet. Abernathy and others, drilling with a rotary, are shut down at 830 feet, in Section 8-4-5. The Pontotoc Trust Co. has started a rotary well in Section 4-4-5. The National Exploration Co. has a rig up in the northwest corner of Section 9-4-7. The Producers Oil Co. is shut down at 2,100 feet in Section 6-3-5. The Dean Oil & Gas Co. has cemented casing at 2,002 feet in the northeast quarter of Section 20-5-4.

"Lease buyers for the Empire Gas & Fuel Co. entered this district last week, following up investigations by Empire geologists that have been under way for six months. Humble Oil & Refining Co. representatives have returned, but no statement of the company's intentions has been made. The Nance Syndicate well has been reported upon to the company by C. B. Goddard, superintendent of the Southern district of Oklahoma.

Estimated production in the fields of the Mid-Continent at the close of the past week was as follows: North Louisiana, 63,820 barrels; Arkansas, 50,600 barrels; North Texas, 141,890 barrels; Kansas, 98,000 barrels; Oklahoma, outside of Cushing, Shamrock, Burbank and Healdton, 293,000 barrels; Cushing and Shamrock, 25,000 barrels; Healdton, 22,000 barrels; Hewitt, 45,000 barrels; Burbank, 26,087 barrels; total, 675,897 barrels, a gain of 6,247 barrels in comparison with the preceding week.

The estimated daily production of heavy gravity oil in the Gulf Coast field was 94,945 barrels.—Oil & Gas Journal.

**Carter Offset.**  
The Carter-Lowry Syndicate offset in section 4-4-5 was shot twice Friday afternoon, the first being with ten quarts and the last with twenty quarts. Considerable more oil and gas were in evidence at first, but the hole bridged and it will be Monday before the News will be able to give anything definite about the results of the shot.

**Nance Well.**  
The Nance people are today running the 6 3/16 inch casing preparatory to putting the well on the pump. The first of next week ought to reveal something of the actual productivity. Delay in getting in the casing was encountered.

**Personals.**  
O. E. Warner, more generally known as "O. E. Fat," of Electra, Texas, is in the city keeping an eye peeled for developments. This big oil man is always the life of any party. He reminds the locals of the famous Bill Long who once frequented these parts and who played the Francis fields so strong. It is not intimated that these men look alike, for each one might be peevish at such insinuation. They are both big, fat jolly oil men and good friends.

Dr. Fisher and Jim Strawn, connected with the Nance Syndicate, are here today, having driven over from Electra Friday.

Class to a contest of naming books of the Old Testament. Another attendance contest is being carried on by members of all the junior department classes and the intermediate classes.

Last Sunday there was an attendance of 345. There is still room for more students in the beginners and primary departments. A new class has been organized for members of the cradle roll department.

**Obituary.**  
MARVIN SHERMAN of 909 East Thirteenth street died in the Sherman Hospital at Sherman, Texas, Thursday night at 10 o'clock and was buried here this afternoon. The funeral services were conducted at the home, Rev. R. C. Taylor, officiating. Interment took place in Rosevale.

Mr. Sherman was taken to Sherman for an operation. Pneumonia set in soon after the operation and he was unable to ward off death. The deceased is a son of Rev. L. B. Sherman of 921 East Fourteenth street. In addition to his father and mother and several brothers and sisters, a wife and a small boy and girl survive him. He was 39 years old.

**Eliod Makes Bond.**  
Buck Eliod, charged with threats on the life of Fred Chapman whom he alleges gave testimony in a Pauls Valley court recently displeasing to him, was released today on \$5000 bond made before Justice of the Peace H. J. Brown for his appearance at the next criminal session of the district court.

**Ford Car Is Stolen.**  
Thieves last night took a new Ford touring car from the garage of F. W. Estes, 304 South Stockton avenue, according to the Ebey, Sugg company insurance agents. Officers were notified early this morning that the car was missing but have found no trace of it. A reward has been offered for the car and thief.

Liverpool was mentioned in a petition to Queen Elizabeth in 1517 as "Her Majesty's poor decayed town."

## IN SOCIETY

Howard-Bolton.

Bernard G. Howard and Miss Lasse Mae Bolton were married this afternoon at 1 o'clock by Rev. C. C. Morris, pastor of the First Baptist church of which they are members, at the home of the bride's parents, Prof. and Mrs. A. D. Bolton, of 831 East Eighth street. The wedding ceremony was used. They were to leave on the afternoon Frisco for Kansas City to attend the American Legion convention.

Both Mr. and Mrs. Howard are well known in Ada. The bride is one of the most popular young ladies of the city and has made a large circle of friends in and out of school. Mr. Howard is employed by the Howard and Zorn plumbing company, of which his father is one of the proprietors.

Only relatives of the couple were present at the ceremony.

**Enjoy Rook Party.**

A number of young people were entertained with a Rook party at the home of Robert Moore on East Tenth street Wednesday evening from 7:30 to 10:30. So much interest was manifested in the games that all seemed surprised when the strains of "Home Sweet Home," were heard.

Delightful refreshments of home made candies were served to the following: Misses Lena Simmerci, Jewel Crumley, Thelma Bronaugh, Opal Vanhooser, and Edna Moore and Roy Young, Jack Cowart, Turner Garwood, Leoman Wallace and Robert Moore.

\*\*\*

All students, faculty members, and families of faculty members will enjoy a Halloween social tonight in the Normal gymnasium. All have been asked to come masked and the party will begin at 8 o'clock. All should bring wienies, bread, and marshmallows.

\*\*\*

A program and box supper will be given by Washington school Tuesday night at 7:30 at the school building. Everybody is invited.

\*\*\*

**Marriage Licenses.**

**Wolf Cubs Growing.**

Activities among the Wolf Cubs packs, junior scouts recently organized at the various ward schools, during the past few weeks have increased and reports from the meetings Thursday night show that 107 boys were out. This is one of the largest attendances that has been reported since the packs were organized.

The Hayes and Normal packs hiked to the city lake Thursday night where two hours were spent in having a great time. Masters V. A. Newcomb and E. L. Brown accompanied the boys. Many of the boys are making rapid advancements in the Wolf Cub work.

## NORMAL NOTES

Jewel Hart left today for her home at Stonewall. She will begin teaching at Owl Creek next Monday.

A special chapel was called yesterday morning for announcements and to give the students, an opportunity to hold a pep meeting before the Edmond game. A piano solo by Lena Hicks was much enjoyed.

Grace Lee will teach English and history in the Hickory high school beginning next Monday.

The Junior Preps held a Halloween party in the Normal reception room last night. A spooky time was reported.

Mr. C. W. Liles was a visitor at the Normal Wednesday in the interest of vocational education.

Prof. E. H. Nelson, our field man, has been enjoying a few days vacation the past week.

Miss Josephine Clark, former teacher of Latin in East Central, is now enrolled as a student in Columbia University, N. Y.

Miss Irma Spriggs, who has been out of school for the past few weeks on account of illness, has been given a year's leave of absence to recover her health.

A number of students are leaving next week to begin teaching. Beulah Wortham will teach in the Union Graded school near Maud. Edith Holloway will teach the intermediate grades at Maxwell and Roxy Sloan goes to teach at Tyrola.

Mrs. Waddell, one of our students, has moved from East Tenth to East Fourteenth street where she and her children will make their home until the close of school when they will join Mr. Waddell and sons, Floyd and Arthur, on a ranch near Tyler, Texas.

The Home Economics club was organized this fall with a membership of about 50. Velma Elliott was elected president, Ruth Bogan, vice president, and Mary Clayton, secretary-treasurer. At the last meeting the following program was rendered:

Piano Solo—Edith Chapman.

Paper—"Vitamines"—Mattie Cunningham.

Reading—Pearl Lane.

Paper—"How will a study of foods help the girl who boards?"—Grace Rushing.

Vocal Solo—Clarine Roach.

After the program refreshments were served, consisting of Yankee sandwiches, cocoa and marguerites. Ruth Bogan and Bessie Freeman were hostesses for the afternoon. They were assisted by Effie Forrest, Louise Barney and Esther Main.

## Sedate Faculty Members Watch Seniors Burlesque

Faculty members of Ada high school saw themselves reflected from their own students Thursday morning.

It was the annual faculty burlesque and was given as the principal attraction of a special chapel, by members of the senior class.

True to the real spirit which envelops high school students under such circumstances, every member of the cast entered the affair with zest.

The story as told by students, is interesting. Relating the experience of Miss Horn, played by Anna Laurie Hill, on the stairs as the students marched up to the auditorium, the story of the play led on into the events taking place in the auditorium.

Prof. Fentem, played by Dean Spencer, complimented the students on their order in getting seated and continued his address, bating up and down the platform, playing with his watch chain. He launched into an expression of his views on campus improvements. After Mr. Fentem's address, the students were favored with band music, Mr. Hill, played by Burgess Steed, leading. Prof. Fentem then called for a song, but changed his mind and decided to make the announcements.

A luncheon menu, designed to be of helpful interest to students, was read by Mrs. Bobbitt, played by Bess Knight. Miss Brock, played by Sybil Williams, made an announcement concerning the art exhibit. Mrs. Lee, supervisor of the Y. W. C. A., played by Geraldine Hale, was next called to make announcements, which proved to be of considerable interest to the members.

## PLAN WIRELESS PRACTICE SOON FOR ADA SCOUTS

As an addition to other attractions which are being provided by the county council for Pontotoc county boy scouts, plans are now on foot to secure a wireless outfit for the scouts. This will be located in a place suitable for those interested in the work. Growing interest that has been shown by local first

class scouts has caused the council to consider plans for buying the wireless. Two scouts, Charles Harwell and Carl Spangler, have already established a small outfit and have met with marked success in their attempt to operate it. It is also understood that a wireless telephone will be purchased if the board decides to buy other equipment. This will afford an opportunity for all scouts of the city who are interested in wireless telegraphy to study it, councilmen pointed out.

Just as they do it. Mr. Parker, played by Byron Roberts, called a Sophomore class meeting and quartet practice. Mr. Bradshaw, head of the manual training department, played by Harvey Faust, talked for a time on the school canteen, instructing the students on subjects of benefit to them. Mr. Fentem again took occasion to speak and backed Mr. Bradshaw on his statements. Miss Donaldson, played by Verna Graham, was asked to sing. She was accompanied by Miss Kittell, played by Alice Gowing, and immediately following the song, Mr. Felix, played by Robert Threlkeld, reminded the students that cream would be on sale next day, juniors in charge.

Mr. Hill, accompanied by his wife, played by Susanne Holman, then rendered a cornet solo to add to the program's success. The encore called for was overruled by Mr. Fentem, who declared there was no time for it. Miss Adams, played by Juanita Horn, came next with a reading, especially for the student's benefit, following which

Miss Kittell was again called on. She played "Long Boy", one of Chopin's greatest compositions, with marked success. Mr. Fentem, who repeatedly took the floor, was speaking on the talent and accomplishment of the faculty when he was suddenly interrupted by Mr. Bradshaw, who was disturbed by the talking of the Felix boy and the Hill boy. To satisfy the manual training teacher, Prof. Fentem requested Nell McClure, Grace Beauchamp, William Hill and Herbert Felix, those accused of talking, to move up on the front row.

Enthusiastic students broke into the play with applause several times. Miss Collins, played by Etta Maes, brought an announcement to Mr. Fentem about this time. This practically concluded the program.

**The Cast.**  
The faculty as impersonated was as follows:

Prof. Fentem, Dean Spencer; Miss Horn, Anna Laurie Hill; Mr. Hill Burgess Steed; Mrs. Lee, Geraldine Hale; Mrs. Hill, Susanne Holman; Miss Kittell, Alice Gowing; Miss Norwood, Velma Gatewood; Mrs. Bobbitt, Bess Knight; Miss Adams, Juanita Horn; Miss Brock, Sybil Williams; Miss McClure, Harriette Roach; Miss Donaldson, Verna Graham; Mr. Zimmermann, Jimmie McCoy; Mr. Parker, Byron Roberts; Miss Kay, Nora Duty; Mr. Cox, John Fleet; Mr. Whipple, James Anderson; Miss Collins, Etta Maes; Miss Coble, Lottie Faust; Miss Hills, Evelyn Brown; Mr. Felix, Robert Threlkeld; Miss Beauchamp, Ella Hays.

Sufficient equipment to establish a permanent station here and other equipment to establish a station at the summer camp is also under consideration. This would make it possible for the Ada boys to communicate by wireless with Ada while in camp. Troop I, with a good fund in the bank, is considering the advisability of buying a troop wireless outfit.

Persimmon is unsurpassed in strength, hardness and weight for golf clubs.

## METHODIST CHURCH, SUNDAY, OCTOBER 30

11:00 a. m. Subject:

### "METHODISM--WHAT OF HER FUTURE"

Solo by Mrs. Ballard, "Hear My Prayer, O Lord"

# STOMACH TROUBLES

Indiana Lady Had Something Like Indigestion Until She Took Black-Draught, Then Got All Right.

Seymour, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Peacock, of Route 6, this place. "I would get very sick at the stomach, and spit or vomit, especially in the mornings. Then I began the use of Thorndyke's Black-Draught, after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right. I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large as the case calls for."

When you have sick stomach, indigestion, headache, constipation, or other disagreeable symptoms, take Black-Draught to help keep your system free from poison.

Thorndyke's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old.

Get a package of Black-Draught today. Insist on the genuine, Thorndyke's. At your druggist's. NC-143

## Enthusiasm in Rural Schools Forecasting New Era in Progress

A spirit of enterprise and enthusiasm in even the smaller schools of the county, in outlying rural districts, forecasts a new period of progress for the county educational system. A Floyd, county superintendent, reported Friday on his return from a visit to several schools.

At Horseshoe Ranch school, Mrs. Hattie Rucker is teacher and an average attendance of 30 pupils is reported. Interest is good and the general spirit favorable. Laxton school has Mr. and Mrs. L. B. Baker as teachers with an attendance of about 75. The voting of school bonds to build a new brick school building is now being talked in this district.

Pleasant Valley school, taught by J. J. Townsend, oldest teacher in the county from the point of service, is making considerable improvement. A new modern four-room cottage for the teacher is being erected there. Mr. Townsend has been employed in county schools for about 30 years and is believed to have one of the longest records in the state for continued service in one county.

George H. Priest is teacher of Sunshine school. This district has but few school children but Mr. Priest reports good work being done and the spirit as being good.

If you have something to sell, why not advertise it in the Ada Evening News? That is the quick and certain way to reach the buyers of Ada and other towns of the county? Want ads do not cost much.

# From Box Car to Castle

LEAVING THE BOX CARS IN THEIR PAST FOREVER

"From Box Car to Castle" sounds like a fairy tale or the title of a movie thriller, but it is a true story in Europe these days. Of course, plenty of castle residents have been moving out and locating in box cars, so it works both ways. Impoverished noblemen move out and find profiteers move in, as a rule, but now and then one of these fine old houses gets a charming type of new tenant. The handsome estate shown in the photograph, "Liegenschaft," is housing the largest family in its history, about 65, and its aristocratic paneled walls echo with an amazing amount of merry chatter and laughter. It had probably been many a day since any kind of merriment had sounded through its tapestried halls. The present possessors of this big villa and the two dwellings on the grounds, are 60 baby orphans, 1 to 5 years old, and the women who take care of them.

Nothing but American money could have purchased such a good

home for these helpless youngsters, The National Lutheran Council, through its European Commissioner, Dr. John A. Morehead, made the deal, and turned it over to a local committee of the Lutheran Church of America, to be managed by Miss Margaret Wahliss, who gathered up 60 little waifs out of box cars where destitute refugees were letting them sleep and giving them scraps of food now and then when they had any. They were transported one wagon load at a time. The vehicle and the horses belong to an exiled Russian nobleman who now makes his living as a teamster in Vienna. The nurse who accompanied this last load filled up the extra space with a big bale of hay for the cows.

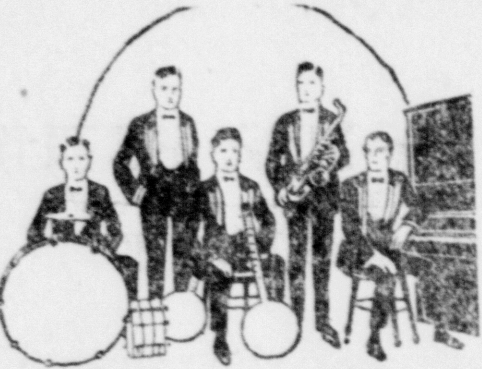

Liegenschaft, located in a beautiful suburban section, Huetteldorf, at the foot of the slope of the Salzberg, adapted itself with ease to the new regime. Billiard rooms and bondoirs were turned into splendid nurseries over night, and the library makes

the jolliest sort of playroom on rainy days. The crystal fringed candelabra have a most fascinating jingle. As for the kitchen, it fills its old time sphere, but it is ten times busier than ever before, and works overtime. Gardens, orchards, cows and chickens, were counted in the first equipment, so that little outside purchasing is necessary. The apple trees are immensely popular with these children who had forgotten what apples looked like, even if they ever had known. Inside the white picket fence are chestnut trees rigged up with rope swings. Back of the vegetable garden is a rippling brook with tiny pebbles on the bottom that tickle your bare feet, and there is a perfectly stunning robber's cave up the hill a little way.

American Lutherans, in their World Series Campaign, October 15-31 for \$1,250,000, are underwriting numerous orphanages in 17 countries of Europe in addition to the Council's many other activities there.

## "Men Wanted for Train and Telegraph Service"

"On account of threatened rail strike, the A. T. & S. F. Railway Company will receive applications for positions as follows: Locomotive engineers and firemen apply to master mechanic at Chicago, Ill., Shopton, La., Kansas City, Kans., (Argentine Station), Chanute, New York and Arkansas City, Kansas. Conductors, brakemen, switchmen, telegraph or telephone operators and agents apply to superintendents at Chicago, Chillicothe, Ill., Mercedine and Kansas City, Mo., Emporia, Chanute and Arkansas City, Kansas. Telegraph and telephone operators may apply to Manager Telegraph Office, Room 1100, Railway Exchange Building, Chicago; and Superintendent Telegraph, General Office Building, Topeka, Kansas."

## "Catalina" Is An Irresistible Fox Trot

The Broadway Dance Orchestra, one of our newest musical organizations, puts a lot of pep into this melodious fox trot. You will surely want to dance when you hear it. Let us play it for you, and also "Waltz Florida" by Conrad's Orchestra. No. 50833.

## Club de Vingt Orchestra Scores Again

This Orchestra, an exclusive dance organization, has made only a few Edison RE-CREATIONS, but each one has been mighty fine. The fox trots, "When the Sun Goes Down" and "Not Long Ago," are very catchy numbers as rendered by it and are bound to enjoy wide vogue. No. 50835.

## Dance To-Night to "Why Dear?"

"Why Dear?" is a fox trot of sentimental character which will appeal to every dance enthusiast, and in it is introduced that favorite, "Ain't We Got Fun." Raderman's Jazz Orchestra plays it in "peppy" fashion, and also "I Wonder Who You're Calling Sweetheart." No. 50837.

# WAR ON WEEVILS INTRODUCED HERE

Simple Log Drag Will Save Crop of Every Farmer, State Man Declares.

Relentless war against the Mexican boll weevil, on behalf of the state board of agriculture, was carried into Pontotoc county Thursday by Hardy Dial, of Claremore, representing John W. Whitehurst, president of the state board. Dial has charge of the state's campaign.

A speaking and publicity tour in which he will introduce to farmers a method of preparing the ground for spring planting, a plan which he declared he tested and found efficient on a 3000 acre farm in Louisiana, is being carried out by Dial who is covering the entire state. He addressed an assembly of farmers at Norman only last week and is now headed for Sulphur to carry on the work.

The idea of an expensive machine, requiring several experienced men and four horses to operate it, is foreign to the plan that is now being urged by the state board, according to Dial. He is now meeting with farmers in every county and revealing to them at the request of the state board, his scheme for treating the old cotton fields during the winter in such a manner that very few Mexican weevils will survive until spring. Then with the use of a machine which any farmer can build for himself with only a dollar's expense, these few weevils can be effectually exterminated from the fields in the spring.

He Invented Device. The machine which Dial himself invented in Louisiana has been tried out in many parts of Oklahoma, he said, and besides killing the weevil, it saves hundreds of dollars annually on every farm in eliminating the cost of expensive cultivators, farm hand hire, animal feed, and general overhead. The machine is a simple drag constructed of a piece of log, with a brush thrashed off and curbs the weevils through all the spring and summer until the "August flight" and then it is too late for their ravages to be effective—the crop is already made.

Samples of the simple machine, he said will be put on exhibit soon in all county seats of the state and farmers advised so they can inspect it. Instructions will then be given by the demonstrator how to make the parts at home and put them together with negligible expense. Dial says he is certain this simple contrivance will put the Mexican weevil to flight all over the state if it is consistently used. In

## CROSS COUNTRY RUNS GAINING AS BIG SPORT

(By the Associated Press.)

NEW YORK, Oct. 28.—Cross country running is proving unusually popular this fall, according to reports from eastern colleges and universities. In their long hill and dale grinds the harriers are receiving unprecedented support and there is promise of some excellent contests before the snow flies.

Cornell's varsity is intact and there are promising additions to the squad. The team from Ithaca which last year won the annual I. A. A. A. championship is again favored to win team honors. November 28 and will not conflict with football. It will be run over the new six-mile local course at Van Cortlandt Park.

Besides the two Brown brothers, Cornell has on its squad P. C. Carter, Charles Irish, Dickinson and Strickler. Tom McDermott may join the harriers. K. E. Brown is the present holder of the intercollegiate two-mile championship, having covered the route in 9:32 and his brother Don is improving.

Penn State is the dark horse among the probable entrants. Penn State has Allen Helfrich, the Buffalo halfmiler; John L. Romig, winner of first place in the 1920 intercollegiate run and Ira Shields, who was runner-up to Joie Ray in American Olympic team try-outs.

Columbia has Higgins, Bob Moore, Allen Haskell, Allen Taussig, R. K. Knox, Bert Harris, Vladimir Morosoff and James Bernson working.

Princeton which trailed Cornell by one point in 1920 has a number of veteran candidates this year. Bill Rogers, who finished third in the championship last year, Allen Swede, holder of the national intercollegiate two-mile record and Don Foresman, winner of the three-mile event in the recent Oxford-Cambridge, Cornell-Princeton games are the stars.

Coach Billy Queal has a good squad to work with at Yale. Tom Campbell may come out this year; Hills, who does the two-mile in 9:46 and Douglas, the international two-mile sensation are leading Bulldog prospects.

Other institution that have formidable cross-country teams in training this year are the College of the City of New York, Dartmouth, Harvard, Massachusetts Institute of Technology, Pennsylvania and Syracuse.

Do you want to sell anything to farmers, rent anything to them, exchange with them? There is a certain way to get your message to them, send it through the Ada Weekly News.

The Ada Weekly News reaches almost every farm home in the county. Are you taking advantage of this effective means of getting your message abroad? What do you have to sell to farmers? Try it.

## INDIAN PRINCE TO PAY HIGH TURF SALARIES

(By the Associated Press)

PARIS, Oct. 28.—William Duke and Guy Garner, American trainer and jockey, respectively, for the stable which the Aga Khan, an Indian Prince, is getting together for 1922, will receive the largest salaries ever paid on the French turf. Duke, formerly trainer for the

W. K. Vanderbilt string, is said to have signed a contract with the Prince calling for a guarantee of 500,000 francs, with a percentage of 20 percent of the stake winnings. Garner's retainer is made up in dollars and is said to top the amount paid by Vanderbilt to Frankie O'Neil, St. Louis, who up to this year was reputed to be the highest paid jockey on the continent.

**Ford**  
THE UNIVERSAL CAR

THE Ford runabout is just what its name implies—it's a regular "get-about."

There is no other car that will take you there and back again, quicker, safer and more economically.

It's the car for the man of action—the farmer, the merchant, the doctor, the contractor, the collector—the car that is useful every day of the year.

Low in the cost of maintenance, with all of the sturdy strength, dependability and reliability for which Ford cars are noted.

On account of the unusual demand we urge that your orders be placed as early as possible.

## HOUSEHOLD EXPENSES

Are a Constant Worry

TO THE LADIES: You have a certain sum each week to meet household expenses. You cannot tell today how that money will be spent next week—a week later you cannot remember exactly for what it was spent.

Would you like to know at the end of the year just what each dollar went for, and have a receipt for every dollar spent? If so, open a household account at this institution. Your bank book will show every dollar received and deposited, and your check book every dollar spent and what it went for, and your checks will act as a receipt.

AUTOMOBILE USED IN MAIL ROBBERY FOUND (By the Associated Press)

NEW YORK, Oct. 29.—The green automobile used by three bandits last Monday in a \$1,500,000 mail truck robbery has been identified and the net is drawing close about at least one of the thieves. Chief postoffice Inspector Cockrane said today. It was indicated an arrest might be made before night.

Do you want to buy meat or eggs or butter direct from the farm? Find a farmer to supply you by advertising in the Ada Weekly News. They all read it.

The Dead Sea will be a solid mass of salt within the next 500 years according to an eminent geologist.

For a small amount you can advertise your stuff in the Ada Evening News and sell direct to the consumer. Why not get the middle man's profit?

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF OKLAHOMA.

In the matter of W. L. Nettles, bankrupt. In Bankruptcy No. 2380.

To the Honorable R. L. Williams, judge of the district court of the United States for the Eastern district of Oklahoma:

W. L. Nettles of Ada, in the county of Pontotoc, state of Oklahoma, in said district, respectfully represents:

That on the 20th day of May, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy, that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are accepted by law from such discharge.

Dated this 16th day of August, 1921.

W. L. NETTLES, Bankrupt.

ORDER FOR HEARING UPON APPLICATION FOR DISCHARGE.

The above styled proceeding having been on the 7th day of Sept. 1921, referred to me as special master to ascertain and report the facts upon the application W. L. Nettles, party to said proceeding, for discharge in bankruptcy: Now on this 28th day of October, 1921, upon reading the foregoing petition, it is ordered that a hearing be had upon the same on the 30th day of November, 1921, at 10 o'clock a. m., before me as special master aforesaid, at my office in the city of Ardmore, in said district; That notice of said hearing be mailed to all known creditors and other persons in interest, and published in the designated newspaper in the county of Pontotoc, the county of the bankrupt's residence, and in said district; That said creditors and persons in interest appear at said time and place and show cause, if any they have, why the prayer of the petitioner should not be granted. In witness whereof I hereunto set my hand as special master this 28th day of October, 1921.

R. M. McMillan, Special Master, Ardmore, Oklahoma. 10-29-11

Help the Missionary Society at the Methodist church to help others by going to see the spooks at Mrs. Jock Moore's Monday from 3 to 5 or from 7:30 to 10 p. m. 10-28-21

Why not rent that extra bedroom and have a steady income? Let the News want ada get a roomer.

A. O. U. W.—Lodge No. 40 meets first and third Tuesday nights of each month.—J. B. Emory, Secretary.

COMMUNITY SPIRIT RUNS HIGH IN KIOWA

HOBART, Okla., Oct. 29.—Community spirit has been awakened in Kiowa county, beyond the expectations of A. I. Jordan, county agent he told the state board of agriculture in his weekly report.

With the home demonstration agent for the county, Miss Muffer, he has been giving short courses in club communities, on farming and home work. Miss Muffer uses a pressure cooker in the school rooms, and demonstrates the preparing of a meal and the proper nourishing food which composes it. The two together give lessons in poultry culling and judging.

At Green Valley and the Simlar school houses, large crowds appeared and the patrons at each place brought their dinners and made an all day discussion of it. At Green Valley several agricultural contests were in the process of completion and the children persuaded several of the older farmers to compete with them.

Many of the adults asked that they be enrolled in the farm instruction courses being given their children.

## TOO WEAK TO WORK

Lydia E. Pinkham's Vegetable Compound Restored Mrs. Quinly's Health. Now She Does Her Housework

Shelbyville, Mo.—"I was only able to do light housework because for months my periods were excessive. I had seen your medicine extensively advertised and thought I would give it a fair trial. I took about eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets according to directions and I feel like a different woman. I have not taken any medicine during the past three months and I believe my ailment is cured. I am now able to do all my housework and attend to my poultry and garden. If you feel that my testimonial will benefit anyone you are welcome to use it in your advertisements."—Mrs. L. D. QUINLY, R. F. D. No. 2, Shelbyville, Mo.

Write about your health to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Women only open, read and answer such letters.

It is hard to tell the truth because you see it so seldom.

The new Grace Dodge Hotel in Washington, the latest project of the National Board of the Y. W. C. A., which has named the hotel after its founder, the late Grace Hoadley Dodge.

In a hotel are we doomed to wander in vain after home comforts? Yes, says the average hotel visitor. "No," says Mrs. John D. Rockefeller, Jr., who points proudly to the new Grace Dodge Hotel in Washington, D. C., the model hotel exclusively for women, which is under her management. Designed to meet the requirements of the woman tourist as well as the professional and business women whose political duties now take them frequently to the capital, "the hotel, which is the first of its kind ever opened in Washington, is a pioneer step toward catering to a woman exclusively."

Under Mrs. Rockefeller's personal direction as chairman of the hotel committee, the sponsors of the hotel have not been content to provide merely model hotel furnishings and equipment for the handsome five-story structure of 100 rooms at North Capitol and E Streets, directly opposite the Union station. No effort nor expense has been spared to make the guests feel at home. Suites especially equipped for mothers travelling with young children are one innovation. Instead of the time-honored custom of upholstering a baby with pillows, in a Morris-chair these suites have cunning cribs and heating facilities for baby's bottle. For the young woman travelling in a suitcase, formerly restricted to stealthy makeshifts such as "the use of electric light bulb as a mirror," and a bureau drawer for an ironing board, there are completely outfitted personal valeting rooms with pressing privileges. There are shampoo booths with electric driers for the use of guests, without charge.

Every effort has been made to make the hotel comfortable and pleasant and yet moderate in price," says Mrs. Rockefeller. "The Grace Dodge Hotel is designed to care for business, and professional women and tourists. All the rooms are outside rooms with telephones and hot and cold water."

Transient rates on the European plan are from two to four dollars a day. Many women prominent politically in Washington have endorsed the need for the hotel and its splendid facilities.

Men guests will be admitted to restaurant, lounge and other public rooms on the main floor.

The hotel is the latest project of the National Board of the Young Women's Christian Association which has named the hotel after its founder, the late Grace Hoadley Dodge.

Mrs. John D. Rockefeller, Jr., Chairman of the Grace Dodge Hotel Committee.

The Junior Woman's Auxiliary of the Presbyterian church will hold a business meeting at the home of Mrs. H. P. Reich Monday afternoon at 2 o'clock.

## Church and Sunday School

**First Baptist Church.**  
Our Sunday school meets tomorrow at 9:45. We had 527 present last Sunday, but there were several absentees from many of the classes. We want to see all those who are enrolled present tomorrow. Let's put her in high tomorrow.

The Men's Bible Class will meet at the McSwain Theatre at 9:30. We want to invite every man who is not already attending Sunday school somewhere else to be with us. Dr. Laird is president and Mr. L. A. Ellison is the teacher.

The pastor will preach the fifth sermon on the general subject "Baptist Beliefs" at 11 o'clock, when the subject will be "Justification by Faith." This is a doctrine that must be clearly understood if we would understand the plan of salvation. Large congregations have been hearing these messages and we hope to see another large crowd present tomorrow. Jim Chapman will sing and if you have heard him you will want to hear him again; if you have not heard him you have missed something.

The Sunbeams will meet at 3 o'clock with Mrs. J. J. Underwood in charge. Let parents urge their children to come. All children from three to eight are eligible.

The Junior B. Y. P. U. will meet at 6:30 with Miss Vera Grant and Rose Eliff in charge. They had thirty-five present last Sunday. This for all between the ages of nine and twelve.

The Intermediates meet at 6:30 with Mr. and Mrs. Tom Fullerton in charge. They had thirty-seven present last Sunday. This is for all young people between ages of twelve and sixteen.

The Blue and Gold B. Y. P. U. will meet at 6:30. Miss Verna Shirley is president. This is for young people of the ages of seventeen and eighteen. They had thirty-four present last Sunday.

The Senior B. Y. P. U. No. 1, will meet at 6:30. Mr. Bernard Howard is president. This organization is for young people from eighteen up. They had thirty-two present last Sunday.

The pastor will preach an evangelistic sermon at the evening service when the subject will be "Christ's last invitation to the World." We are always glad to see large numbers of unsaved people present in the congregation. We would have you give yourself to Jesus and be forever saved.

**St. Luke's Episcopal.**  
There will be morning prayer and sermon at 11:00 a. m. with the new rector, Rev. R. A. Hatch, officiating. Mr. Hatch arrived from St. Louis, Mr. today and will take up his work immediately. The Sunday school will be at 9:45 and all teachers and pupils are expected to be promptly in their places. Every one who is interested is cordially invited to attend these services.

On Tuesday evening, November 1, a reception will be held at the home of M. F. Manville, at 18 West 16th street, for Rev. Mr. Hatch and his wife. The public is cordially invited to call and meet the new rector and his wife. Mr. Hatch is interested in all public activities and intends to make the church here a vital force in the community.

**Conferences on Mission.**  
All who are interested in the advance of Christian work, and especially in the progress of the Episcopal church, are invited to attend a series of conferences in St. Luke's church, the afternoons and evenings of November 2 and 3, at 3 o'clock and 7:30 o'clock.

These meetings will be conducted by Archdeacon Chapin, chairman of the Nation-Wide Campaign of the

Episcopal church in Oklahoma, and the Rev. John W. Day, of Sapulpa. A review will be given of what this church is doing over the world and in the United States, with a setting forth of the needs and opportunities in this day of world readjustment.

These conferences are a part of the program of the Nation-Wide campaign of the Episcopal church and aim at the giving of information, the awakening of interest, the arousing of larger effort for forwarding the upbuilding of the Kingdom of Christ.

Again, a general invitation is extended to be present at these meetings. The newly appointed rector of the church, the Rev. Richard A. Hatch, will conduct the devotional parts of the program.

**Christian Church.**  
9:45 a. m. Bible school. Classes for everybody. The Men's Bible class meets at the Chamber of Commerce rooms.

11:00 a. m. morning worship. Sermon: "The First Christian Martyr."

6:30 p. m. Christian Endeavor meeting.—Mary Waggoner, leader. 7:30 Evening service. Sermon: "Shall we know each other better?" A question of vital interest to all.

To all our services the public is earnestly invited. Spend an hour with us.—H. M. Woods, pastor.

**Methodist Church.**  
Services of very special interest will be held Sunday. The pastor's message subject will be, "Methodism—What of Her Future?" Mrs. Ballard will sing, "Hear My Cry, O Lord," and a male quartet composed of Mr. Fentem and two sons and Mr. Ballard will sing a selection. The Cradle Roll will be guests of honor. The ordinance of Baptism will be administered and members received. All members and friends are urged to be present at this service.

At the evening hour the pastor's subject will be "The Four Horsemen of the Apocalypse." This subject is as important as it is unusual, and will be interesting, we trust, to all. Mr. Ballard will sing and Miss Goss, instructor in violin at the Normal, will render, as a violin solo "Hymn Celestial."

Our splendid Sunday school meets at 9:30 a. m. Epworth League services are held at 6:30 p. m. If timely themes, splendid singing, hearty welcomes and real worship appeal to you, you will enjoy attending these services. Come.—R. C. Taylor, pastor.

**Woman's Missionary Society.**  
The Woman's Missionary Society will meet at the church Monday afternoon at 3 o'clock, all districts, and will spend the afternoon calling on new members and on the sick. Let all who have cars come and bring their cars and those come who haven't cars also and we can make many calls.

**MRS. W. C. DUNCAN.**  
Vice-president.

**First Presbyterian Church.**  
Services at the First Presbyterian church next Sunday will be as follows:

The pastor will preach Sunday morning on: Christ, the Answer to the Fundamental Needs of the Human Heart, and at the evening hour on "Christianity vs. the Ku Klux Klan." Every citizen of every blood and nation is invited to come and hear this discussion. Come in a good humor and you will have no reason to go away in any other.

Sunday school at 9:45 a. m. Intermediate C. E. at 9:00 a. m. Light Bearers Band at 3:30 p. m.

### FLOOD DESTROYS ENTIRE TOWN IN BRITISH COLONY

VANCOUVER, B. C., Oct. 29.—Many lives are feared to have been lost and scores injured by a cloud burst which flooded and partially swept away the town of Britannia Beach, B. C., last night, according to advices received here today.

Physicians and nurses left for the scene of the disaster on a special steamer.

Reports today said that the town had been practically cut in two by a stream of water which dashed down a mountain side sweeping numerous buildings onto the beach. Britannia Beach is a mining town with a population of about 1500, situated on a mountain 18 miles from here on Howe Sound.
